## Regular and Activity Day Bell Schedule

In order to facilitate more programs into the ASCIS timetable, periods for activities and for mass/ethics classes will continue the 2026-2027 academic year. These will be held on select Wednesdays during the school year and will be highlighted in Google Calendar for students and staff. Non-activity Wednesdays will run regular M/T/Th/F bells.

**Wednesday Activity Days:** Start September 9th, 2026 and run in the months of September, October, November, January, February, March and April

**Two Lunches will continue for the 2026-2027 school year. This will create a flip schedule for period 4 and lunch blocks.**

- There will be no music to signal the end of lunch – *it is disruptive to classes in session.*
- A warning bell will ring 4 minutes before the end of lunch – *please use this as your cue to prepare to return to class.*
- Special-sounding bells apply only to one group of students – *typically those currently on lunch break.*
- Regular bells apply to all students and staff – *both those in class and those returning from lunch.*
